

Habitat Safari @ Piedmont Park

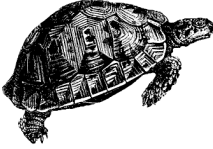

Date/Time:

Name:

1. Describe the weather today: _____

2. Describe the habitat/s you've chosen to explore and the surrounding features _____

3. Below are categories of organisms that can be found in Piedmont Park. Use your observation skills to search for two living things that fit into each category! Record your findings, like a scientist, in the table.

Piedmont Park Safari Records		
	Draw or Describe the organisms you find in the Park	
<i>Animals</i>		
 Mammals	1.	2.
 Birds	1.	2.
 Reptiles	1.	2.
 Amphibians	1.	2.

 <i>Fish</i>	1.	2.
 <i>Invertebrates</i>	1.	2.
<i>Plants</i>		
 <i>Ferns</i>	1.	2.
 <i>Trees</i>	1.	2.
 <i>Flowers & Shrubs</i>	1.	2.
<i>Non-vascular Plants & Fungi</i>		
 <i>Mushrooms</i>	1.	2.
 <i>Moss & Lichen</i>	1.	2.

Now that you've been on a safari of the Park, discuss how the organisms you found get their basic needs.
