Green Market Basket Hat

This hat is a fun craft to celebrate the many vegetables that you can find here at Piedmont Park’s green market.

Print these two pages, and gather your supplies to create a cool hat!

You will need:
• Crayons or Markers
• Glue
• One long piece of yarn
• Scissors
• A hole-punch

Color your produce items and cut them out. You can also draw additional fruits and vegetables to add to the mix. When you’re finished glue the produce onto the headband ‘basket’. Punch holes at the circles and use the yarn to tie the hat to your head. Ta da! You’re a walking veggie basket. See how many veggies you can get onto your plate and in your stomach today!

Cut along the dotted line and punch holes through the circles. This will serve as the headband for your hat.
Color these Green Market Veggies and cut them out for your Green Market Basket hat!
