Dear friend,

In these past few months, we have all experienced our lives change in ways we could never imagine. And, through it all, Piedmont Park has remained open for anyone that wishes to visit.

You may have been one of the thousands of people who have enjoyed Piedmont Park in a distant and safe environment. During these challenging times, we feel the power of greenspace for our mental and physical health. More importantly, the Park has allowed our community to come together to share moments with each other.

However, the Piedmont Park Conservancy has still experienced its own sets of challenges. We are a nonprofit organization that needs your [support to continue providing the iconic Piedmont Park experience](#). We strive for an experience that is *always* clean, safe and beautiful, and *always* at no charge.

Many people don't realize that we are not funded by city taxes, and we rely on donations and voluntary fee-based programs.

We know these are hard times. But if you are able, we need your help more than ever.

Donate Today

Thank you in advance for your support.

Mark Banta
